Additional Purchases and Out-of-Pocket Discount

Member will receive a 20% discount on remaining balance at Participating Providers beyond plan coverage, which may not be combined with any other discounts or promotional offers, and the discount does not apply to EyeMed's Providers' professional services or disposable contact lenses.

Benefits are not provided for services or materials arising from: orthoptic or vision training; subnormal vision aids and any associated supplemental testing; aniseikonic lenses; medical and/or surgical treatment of the eyes; corrective eyewear required by an employer as a condition of employment, and safety eyewear unless specifically covered under the plan; services provided as a result of Workers' Compensation law; plano non-prescription lenses and non-prescription sunglasses (except for the 20% EyeMed discount); two pairs of glasses in lieu of bifocals (does not apply to Primary Plan members); services or materials provided by any other group benefit providing for vision care. Benefit allowances provide no remaining balance for future use within same benefit period. Lost or broken lenses, frames, glasses, or contact lenses will not be replaced except in the next benefit period.

*Standard Contact Lens Fitting-spherical clear contact lenses in conventional wear and planned replacement (examples include but not limited to disposable, frequent replacement etc.)

**Premium Contact Lens Fitting-all lens designs, materials and specialty fittings other than Standard Contact Lenses (examples include toric, multifocal etc.)

Value Added Features:

In addition to the health benefits your EyeMed program offers, members also enjoy additional, value-added features including:

- **Additional Savings:** Save up to 40% off additional complete eyeglass purchases once the funded benefit has been used.
- **Laser Vision Correction:** Save 15% off the retail price or 5% off the promotional price for LASIK or PRK procedures.
- **Replacement Contact Lenses Online:** As an added convenience, members can order replacement contact lenses directly online.

MORE CHOICES. BETTER QUALITY.

The Importance of Eye Health

Your family depends on you to maintain and schedule proper eye health. That's why EyeMed Vision Care brings easy to use and affordable vision care to you. Although proper vision care is not something you think about often, choosing a quality vision care program designed for every member of your household is extremely important. Here's why:

Regular eye exams can detect:

- **Cataracts**, a clouding of the lens that is a leading cause of blindness
- **Reduced Vision**, including nearsightedness, farsightedness and astigmatism
- **Glaucoma**, pressure buildup of the eye that may lead to optic nerve damage and blindness
- **Other vision problems**, such as macular degeneration, low vision and other conditions that can increase the risk of learning disabilities with children
- **Additional medical conditions**, including undiagnosed diabetes or high blood pressure.

Eye Health Guide

Answer these questions to determine the eye health of you and your family:

Has it been longer than 24 months since your last eye exam?	Yes	No
Is there another family member who has not had an eye exam in the last two years?	Yes	No
Do any family members wear glasses or contacts that are scratched or fit poorly?	Yes	No
Does anyone in your home get headaches from reading or watching TV?	Yes	No
Do you have children of elementary school age?	Yes	No
Is any family member 50 years old or older?	Yes	No

If you or a family member answered yes to any of the questions above, then you should consider an eye exam in the near future. Better yet, sign up for the vision program and apply your coverage to an exam and eyewear.
